

Working Animals

Introduction

There are many animals that are used for work in different ways. Look at the pictures in this lesson to see the types of work they do and answer the questions in each. There are three parts with all the animals in each part having a connection.

Part One

- In this part all the animals are dogs but they all do different work. Look at the pictures, decide which types of dog they are and write their work names under each picture. #6 is done as an example.

1. _____

2. _____

3. _____

4. _____

5. _____

6. guard dogs

- In American English one of these is also called a Seeing Eye dog. Which picture is it?
- Picture #6 is a sign. Where can we see this sign?
- What are the dogs carrying in picture #4?
- What do all of these dogs do in their different types of work? Describe their routines with **present simple verbs**. For example, guard dogs **protect** land and property.
